

TELLURIDE DISTILLING COMPANY

MOUNTAIN MASH WHISKEY

Mash Bill:

95% Rye

5% Barley

46% ABV

**Proudly Distilled
and Produced in
Telluride, Colorado**

Distilled from a Rye/Barley Blend and aged at least two years in a mixture of new charred oak barrel and used red wine, port, and sherry casks, our Mountain Mash Whiskey boasts classic rye spice, oak, honey, and citrus. Each batch consists of 3 selected barrels and therefore have their own characteristics and unique subtleties. Due to the high elevation and dryness of Telluride, the angel share loss is higher than others, but we feel it concentrates those flavors in each barrel and mellows out the intensity of our Whiskey.
